Transferring Credits/Degrees/Academic Credentials

► TO THIS SCHOOL

Credits from an accredited school or other accredited post-secondary educational institution may be accepted on the basis of an official transcript provided by the student when “C” or better grades were earned at the previous institution. No more than fifty percent (50%) of the total number of a program’s credit hours will be accepted as transfer credits. Acceptance of transfer credits is at the School’s discretion. The student may be requested to provide course descriptions or other information necessary for the School to evaluate the coursework for which the transfer of credits is being sought. The School reserves the right to exercise its professional educational discretion regarding credit transfer matters.

► FROM THIS SCHOOL TO OTHER EDUCATIONAL INSTITUTIONS

Students are advised that it is frequently difficult to transfer credits (or degrees, diplomas, or other academic credentials) from one educational institution to another institution even if both institutions are accredited. Different educational institutions have different missions, so they design their curriculum, courses and educational programs differently. As a result, classes taken at one institution frequently will not match up very well with classes offered at another.

This School offers programs and courses with a technical emphasis designed to assist the graduate in obtaining employment; they are not designed for transfer. In addition, the School does not offer programs or courses (with or without a liberal arts/academic emphasis offered at many two and four year schools) designed to transfer. As such, although this School’s accreditation demonstrates that it has met recognized academic and educational standards, courses, credits, degrees, diplomas or certificates awarded by this School are generally not transferable to other educational institutions. Therefore, this accredited School does not imply, promise or guarantee the transferability of any course, credit, degree, diploma, or credentials earned at this School to any other educational institution.

Whether or not courses, credits, degrees, diplomas or other academic credentials can be transferred is a determination made solely by the institution at which the student desires to pursue further education. Therefore, applicants for admission to this School are responsible to contact any other institutions to which they may desire to transfer to determine transferability, before beginning classes. Applicants should assume their courses, credits, degrees, diplomas, or other academic credentials are not transferable unless they have advance written approval from the institution to which the student may transfer.
A credit hour is a unit of measure, not necessarily an indicator of transferability of credit. The receiving institution, rather than the training institution, decides whether to accept credits for transfer.
