

Transferring Credits/Degrees/Academic Credentials

▶ TO THIS SCHOOL

Credits earned at another institution accredited by an agency recognized by the United States Department of Education (USDE) or the Council for Higher Education Accreditation (CHEA) may be accepted on the basis of an official transcript when “C” or better grades were earned at the previous institution. No more than fifty percent (50%) of the total number of a program’s credit hours will be accepted as transfer credits. Acceptance of transfer credits is at the School’s discretion. The student may be requested to provide course descriptions or other information necessary for the School to evaluate the coursework for which the transfer of credits is being sought. The School reserves the right to exercise its professional educational discretion regarding credit transfer matters.

▶ FROM THIS SCHOOL TO OTHER EDUCATIONAL INSTITUTIONS

Students are advised that it is frequently difficult to transfer credits (or degrees, diplomas, or other academic credentials) from one educational institution to another institution even if both institutions are accredited. Different educational institutions have different missions, so they design their curriculum, courses and educational programs differently. As a result, classes taken at one institution frequently will not match up very well with classes offered at another. Also, some educational institutions require specific institutional or educational program accreditation as a condition to accepting credits from another institution. Therefore, students should not enroll at this or any educational institution, if there is any possibility they may want to transfer academic credit or credentials (diplomas, degrees, certificates) to another educational institution unless they have determined in advance that they will be able to transfer credits. See the “Other Important Credit Transfer Information” section below for more important information.

▶ FROM INSTITUTIONS WITHIN THE PIHT CAMPUS SYSTEM

PIHT is a branch campus of the West Virginia Junior College campus system. As such, students may transfer within the WVJC campus system with a “D” or better grade, as permitted by such agreements. However, the receiving institution reserves the right to require the student to repeat any course for any reason if, in its sole opinion, it would benefit the student academically.

▶ OTHER IMPORTANT CREDIT TRANSFER INFORMATION

The Institution’s occupational degree programs are terminal degrees; therefore, students should assume that credits earned are not transferrable to another program or institution. Furthermore, this Institution

offers programs and courses with a career training emphasis designed to assist the graduate in obtaining employment; they are not designed for transfer. In addition, the Institution does not offer programs or courses (with or without a liberal arts/academic emphasis offered at many two and four year colleges) designed to transfer. As such, although this Institution's accreditation demonstrates that it has met recognized academic and educational standards, courses, credits, degrees, diplomas or certificates awarded by this Institution are generally not transferable to other educational institutions. Therefore, this accredited Institution does not imply, promise or guarantee the transferability of any course, credit, degree, diploma, or credentials earned at this Institution to any other educational institution. Prospective students must decide if their goal is short term, career focused training that this school offers or broadly focused liberal arts focused academic education.

Whether or not courses, credits, degrees, diplomas or other academic credentials can be transferred is a determination made solely by the institution at which the student desires to pursue further education. Therefore, applicants for admission to this Institution are responsible to contact any other institutions to which they may desire to transfer to determine transferability, before beginning classes. Applicants should assume their courses, credits, degrees, diplomas, or other academic credentials are not transferable unless they have advance written approval from the institution to which the student may transfer.

A credit hour is a unit of measure, not necessarily an indicator of transferability of credit. The receiving institution, rather than the training institution, decides whether to accept credits for transfer.

Articulation

As noted in the section titled "Transferring Credits/Degrees/Academic Credential", transferring credits is frequently difficult or impossible. Therefore, the best approach is for a student to plan on completing his/her educational career at the institution where he/she began. Students should not enroll at this, or any educational institution, planning to transfer credits, degrees, diplomas, or other academic credentials. In order to assist students who may, at some late date, change their mind and decide to continue their education, this institution has entered into articulation agreements with the post-secondary institutions listed below. Please note that this does not guarantee transfer of some or all credits to those institutions; the requirements change from time to time and the articulation agreements may be terminated at any time. Before enrolling, it is the student's responsibility to request current articulation agreements, if any, review them, and then discuss transferability with the other educational institutions so the student can make a fully informed decision.

The following schools/universities have entered into an articulation agreement with this institution. Check with the institution for the most current information before enrolling. Also, be advised that the Articulation Agreement are not of indefinite duration and may terminate at any time.

Salem International University – Salem agrees to guarantee admission and academic placement as a junior for a PIHT student who: • Earns an Associate of Arts, Associate of Science, or an Associate of Applied Science; and • Submits a completed application and an official PIHT transcript to Salem. Salem agrees to offer a special pricing program for PIHT graduates as described in Section IV of the articulation

agreement. Salem agrees to offer a dual specialization option for PIHT graduates as described in Section V of the articulation agreement.

American National University/National College – Students completing an Associate Degree at PIHT in a medical program will be considered to have met all lower division general education requirements at American National University/National College. Students completing a diploma in Pre-licensure Practical Nursing will be required to complete a lower level English, Social Science, and Humanities course as part of their studies at ANU/NC. Transferring students are considered third year or junior year students at American National University/National College. Where course equivalencies exist for required courses and/or prerequisites, these courses will apply to ANU/NC's graduation requirements in the student's stated major field of study. Courses/Credits in which grades of less than 2.0 on a four point scale will be considered on a case by case basis. Credits of less than 2.0 on a four point scale will usually not be accepted. ANU/NC will accept up to 45 credits earned through Advanced Placement (AP), College-Level Examination Program (CLEP), or other nontraditional programs. ANU/NC also will evaluate courses/credits earned at other institutions, subject to the 135 credit maximum. ANU/NC will evaluate Prior Learning Activity for Credit Evaluation and other life experiences for possible credit, consistent with credit given under such circumstances as outlined by the ANU/NC catalog under Credit Granted for Life Experiences.

West Virginia Junior College @ Morgantown - The purpose of this articulation is to provide a basis for a cooperative relationship between Pennsylvania Institute of Health and Technology and West Virginia Junior College @ Morgantown to benefit students who desire to complete an associate's degree in Nursing. • West Virginia Junior College @ Morgantown may reserve seats for Practical Nursing graduates of Pennsylvania Institute of Health and Technology who graduate with at least a 'B' average and pass the National Council Licensure Examination (NCLEX) on the first attempt. • The student must take TRN 101, Transitions to Professional Nursing (Pass/Fail) during term 2A. • Prior to transitioning to the RN program, a student must complete a college-level English course. • Academic credits will be applied toward graduation requirements for a degree on the basis of their satisfying the requirements of the program in which the student is enrolled. All credits may not be applicable to the student's program and therefore will not count towards graduation requirements. • Academic credits that are accepted will be listed on the student's transcript and credited toward program requirements but will not be included in the computation of the student's quarter or overall grade point average. • The Institution may request course descriptions and/or other information necessary for the Institution to evaluate the coursework for which the transfer of credits is being sought. • Acceptance of transfer credits is at the Institution's discretion. • Admission is subject to meeting all requirements listed in the catalog, minimum and maximum class size limits, and is not guaranteed. The campus retains the right to accept or reject any applicant.

Note: This list is current as of the time of printing. Check with the campus for the most updated list
